A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash, and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables and whole-grain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt- or nitrite-cured foods such as ham, and fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces cancer alone.

AMERICAN CANCER SOCIETY®

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

ORDER FOR HEARING TO EXAMINE STRATEGIES BEING EMPLOYED TO RECRUIT TEACHERS AND TO ASSURE THAT STUDENTS TAKING MCAS ARE BEING TAUGHT BY CERTIFIED TEACHERS (DOCKET NO. 1132)

Councillors TURNER, YANCEY, KELLY, MURPHY, ROACHE, CONLEY, FEENEY, ROSS and FLAHERTY offered the following:

Whereas, It is widely acknowledged that there is a major teacher shortage throughout the City of Boston, state of Massachusetts, and the nation; and

Whereas, The Boston School Department acknowledges that 50% of Boston's teachers may retire over the next 5 years; and

Whereas, There are many teachers now teaching in the Boston Public School system who are teaching subjects for which they are not certified; and

Whereas, This teacher shortage critically affects the performance of Boston school children on the MCAS; therefore be it

Ordered, That a hearing be held to examine the strate-

gies being employed to recruit teachers and to assure that students who are taking the MCAS are being taught by certified teachers; and be it further

Ordered, That the superintendent of the Boston Public Schools, Dr. Thomas Payzant, and the Director of Personnel of the Boston Public Schools, Dr. Ray Shurtleff, be invited to address these questions.

Referred to the Committee on Education and School Matters.

ORDER FOR HEARING RE: ERECTION OF A FENCE OR BRICK WALL AT TYNAN SCHOOLYARD (DOCKET NO. 1133)

Councillor KELLY offered the following:

Whereas, Approximately three years ago a representative of the Boston Public School Department's Capital Planning Office met "on site" and agreed to erect a fence or brick wall separating an abutter's property from the Tynan schoolyard in South Boston; and

Whereas, After acknowledging the need for the fence, the school department has yet to respond; therefore be it

Ordered, that the City Council conduct a public hearing into the matter and that representatives of the mayor's office and the school department be invited to attend.

Referred to the Committee on Education and School Matters.

ORDER FOR HEARING RE: SCHOOL BUS ROUTE ALONG WEST FOURTH STREET (DOCKET NO. 1134)

Councillor KELLY offered the following:

Whereas, In April of 1997 representatives of the Boston Public School Department met with residents of West Fourth Street, South Boston, regarding changing the school bus route from West Fourth Street to West Broadway; and

Whereas, The school department indicated that the change seemed minor and this request would be accomplished by the following September; and

Whereas, The bus route has not been changed and residents of West Fourth Street have asked why the change was not made; therefore be it

Ordered, That the City Council conduct a public hearing into the above matter and that representatives of the mayor's office and the school department, as well as residents of West Fourth Street, be invited to attend.

Referred to the Committee on Education and School Matters.

ORDER FOR HEARING RE: DISPOSAL OF OLD TELEVISION SETS, COMPUTERS AND OTHER ITEMS (SUCH AS MOTOR OIL, USED TIRES AND AUTOMOBILE BATTERIES) (DOCKET NO. 1135)

Councillor KELLY offered the following:

Whereas, With the adoption of new environmental regulation governing the disposal of used television sets and computer screens, residents can no longer place these items on the sidewalk to be picked up with the regular trash; and

Whereas, This has led to a number of discarded television sets and computer screens being abandoned, further contributing to the problems of litter in our neighborhoods; and

Whereas, Many residents are not aware of current regulations on how to dispose of the items that are not included in the regular pickup on trash collection day; therefore be it

Ordered, That the City Council conduct a public hearing to discuss how to properly dispose of items that are not picked up by regular methods, and that repre-

sentatives of the Mayor's Office and Public Works Department be invited to attend.

Referred to the Committee on Environment and Historic Preservation.

Councillors MURPHY, KELLY, CONLEY, DAVIS-MULLEN, FEENEY, ROACHE, ROSS, HONAN, FLAHERTY, HENNIGAN, SCAPICCHIO, TURNER and YANCEY offered the following:

Whereas, After four years of intense negotiations, an independent arbitrator awarded a decision on back pay and benefits to the Boston Police Superior Officers Federation on June 1 of this year; and

Whereas, The City did not appeal the award and has implemented the provisions of the contract that it sought and gained through the arbitration process without implementing the back pay for superior officers; and

Whereas, The City Council approved this award in July of 2000 and 10 weeks later sergeants, lieutenants and captains have still not received their retroactive pay for a period that goes back to July of 1996; and

Whereas, The City may be forced to pay interest on this money that is owed at a per annum rate of 12%, causing the City additional financial consternation; therefore be it

Ordered, That the appropriate committee of the City Council conduct a full hearing and investigation of the reasons that this money is being withheld; that administrative people from the Boston Police Department, the City's Human Resources Department, and the Boston Police Superior Officers Federation be invited to attend and present testimony.

1151)

Councillors HENNIGAN, ROACHE, MURPHY, TURNER, ROSS, DAVIS-MULLEN, YANCEY, HONAN, CONLEY and FEENEY offered the following:

Whereas, The City of Boston has submitted the Municipal Harbor Plan for approval to the Massachusetts Executive Office of Environmental Affairs; and

Whereas, Secretary Robert Durand has set the deadline for written public comment regarding the Municipal Harbor Plan for Wednesday, October 4, 2000; and

Whereas, The Municipal Harbor Plan deviates significantly from the Public Realm Plan; and

Whereas, Many residents and neighborhood organizations have not had the opportunity to read the Municipal Harbor Plan or see a presentation on the details of the Plan; and

Whereas, The impact the present Boston Municipal Harbor Plan will have on the City of Boston and all of Boston's residents will span generations to come; and

Whereas, All of Boston's neighborhoods and persons, regardless of their race or economic status, should be provided a destination or venue where they can actively recreate and experience the benefits and excitement of a true public waterfront; and

Whereas, Under chapter 91 of the Public Trust Doctrine, the waterfront belongs to the public and must be developed for a "proper public purpose" any development on the Waterfront must first and foremost serve "a proper public purpose" and second, the "private advantages" on developing the property "are not primary, but merely incidental to the achievement of public purposes"; and therefore be it

Resolved, That the Boston City Council, in meeting assembled, recommend to the Secretary of the Executive Office of Environmental Affairs for the Commonwealth of Massachusetts that he not approve the present Municipal Harbor Plan and also request that the public comment period be extended to allow ample opportunity for the public to express their views in order to create a Municipal Harbor plan which will truly serve the public interest.

Whereas, Traffic lights in the City of Boston are flashing red or yellow between the hours of 2 a.m. and 6 a.m.; and

Whereas, The intended effect of having traffic lights is to require vehicles to make frequent stops; and

Whereas, This counteracts this intended effect; and

Whereas, This increases the risk of motor vehicle accidents; therefore be it

Whereas, Representative Hart served with distinction in the Massachusetts House of Representatives for two consecutive terms in the 1970s from the Ward 13 area of Dorchester; and

Whereas, After serving in the House of Representatives, Jim Hart continued to serve the people of Dorchester and the City of Boston, first as a legal advisor to the Boston Police Commissioner and later as General Counsel to the Boston Water and Sewer Commission; and

Whereas, Jim Hart was also generous in his volunteer efforts. Among his civic and charitable accomplishments are: the Dorchester-Dudley Community Council, the Dorchester United Neighborhood Association and the Harriet McCormack Center for the Performing Arts in the Strand Theatre; and

Whereas, James F. Hart was also highly regarded as a political strategist with a keen sense of what people expected in their public servants; and

Whereas, The Honorable James F. Hart was a loving husband to his wife Elizabeth and a devoted father to his daughter Beth and four sons, Charles, James, Joseph and John; and

Whereas, The Honorable James F. Hart was of tremendous faith and was extremely loyal to his family, friends and the neighborhood of Dorchester, where his life's works continue to this day to make the life better for his community; therefore be it

Resolved, That the Boston City Council respectfully petition the Boston Parks and Recreation Commission to name the tot lot at Clifford Park in memory of the Honorable James F. Hart.

The rules were suspended; the resolution was adopted.

**ORDER FOR HEARING TO HEAR TESTIMONY ON
THE PROS AND CONS OF QUESTION 8
(DOCKET NO. 1158)**

Councillors MURPHY, HONAN and DAVIS-MULLEN offered the following:

Whereas, This November, citizens of the Commonwealth will be voting on very important ballot initiatives that will change or alter State Law; and

Whereas, One of these questions, Question 8 may be particularly damaging to the City of Boston from a public safety and financial standpoint; and

Whereas, This proposal will allow persons charged with a drug crime to request a court finding that he or she is drug-dependent or may be at risk of becoming drug dependent, and would benefit from court-monitored treatment instead of incarceration. Once treatment is successfully completed, the criminal charges would be dismissed, causing concern that this broad definition may allow repeat offenders and drug dealers to manipulate the system and side step prosecution; and

Whereas, This proposal will completely change the system of forfeiture of property by persons convicted of using that property to sell drugs; and

Whereas, As proceeds from that property are currently used to support investigations of other drug crimes, this proposal may significantly impact our fight on drug-crimes and will cost significant tax-payer monies to maintain our drug-crime fighting efforts in the City of Boston and Suffolk County; and

Whereas, With strong supporters on each side of this issue, there is a possibility that confusion may cloud the merits and consequences of Question 8; therefore be it

Ordered, That the Boston City Council hold a hearing to hear testimony on the pros and cons of Question 8; that representatives from the Attorney General's Office, the Suffolk County District Attorney, the Boston Police Commissioner and other public safety officials be invited to attend and set the record straight on Question 8.

Referred to the Committee on Public Safety.

Councillors DAVIS-MULLEN, CONLEY, FEENEY, FLAHERTY, HENNIGAN, HONAN, KELLY, MURPHY, ROACHE, ROSS, SCAPICCHIO, TURNER and YANCEY offered the following:

Whereas, The Boston Teachers Union and the Boston School Department have been in contract negotiations; and

Whereas, The Boston Teachers Union has set a strike date of October 11, 2000; and

Whereas, The 2000-2001 school year has been in session for over one month and a strike would be detrimental to the children and the employees in the Public School system; therefore be it

Ordered, That the Education and School Matters Committee hold a public hearing regarding the current status between the Boston Teachers Union and the Boston School Department; and be it further

Ordered, That representatives of the Boston Public Schools, Boston Teachers Union, the Mayor's Office and all other interested parties be invited to attend and give testimony.

The following was received:
City of Boston
Office of the Mayor
October 3, 2000

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order authorizing the Commissioner on Affairs of the Elderly to apply for, accept, and expend on behalf of the City of Boston, \$105,000 for the operation of the Retired Senior Volunteer Program in the City of Boston. Funds are made available to the City from National Senior Service Corps, the federal volunteer agency, authorized under the Domestic Volunteer Act of 1973 (42 U.S.C. 5013).

These funds will be used to pay salaries of staff managing the program with 815 senior volunteers.

I urge your Honorable Body to pass this order.

Very truly yours,
Thomas M. Menino,
Mayor of Boston.

Ordered, That, pursuant to G.L. c. 44, § 53A, the Commissioner on Affairs of the Elderly, acting on behalf of the City of Boston be, and hereby is authorized to apply for, accept, and expend grant funds in an amount not to exceed \$105,000 under the Domestic Volunteer Service Act of 1973 (42 U.S.C. 5013) made available by the National Senior Service Corps for the operation of a Retired Senior Volunteer Program in the City of Boston for the period of January 1, 2001 through December 31, 2001, and, in connection therewith, to execute and deliver such documents as may be required by the federal government.

**ORDER APPROVING PETITION FOR SPECIAL
LAW RE: ACT RELATIVE TO AN INCREASE
IN EXEMPTION FOR RESIDENTIAL REAL
PROPERTY IN CITY FROM 20 PERCENT TO
30 PERCENT (DOCKET NO. 1184)**

The following was received:

City of Boston
Office of the Mayor

September 30, 2000

To the City Council.

Dear Councillors:

I herewith transmit an Act Relative to An Increase in the Exemption for Residential Real Property in the City of Boston from 20 Per Cent to 30 Per Cent for passage by your Honorable Body.

Rising housing costs in the City of Boston is an issue of great importance. The substantial run-up in real estate prices will require the City to increase assessments. Since Proposition 2 1/2 limits the City's tax levy, the increase in assessments will be partially offset by reductions in the tax rate. However, as the appreciation in values is not uniform across the city, shifts in the tax burden - across neighborhoods and property types - can result in large increases for some taxpayers. I am committed to taking steps necessary to litigate all rising housing costs, including property taxes.

Consequently, I am proposing that the City of Boston offer an increased residential exemption. The residential exemption provides needed property tax relief to thousands of owner-occupiers of residential property in Boston. Increasing the amount of the exemption, from 20% of the average home value to 30%, will go a long way to helping Boston's residents keep their housing costs down.

I urge your Honorable Body to adopt this measure.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

**AN ACT RELATIVE TO AN INCREASE IN
THE EXEMPTION FOR RESIDENTIAL REAL
PROPERTY IN THE CITY OF BOSTON FROM
20 PER CENT TO 30 PER CENT**

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under Clause (1) of Section eight of Article two, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Whereas, Housing costs are rising rapidly in the City of Boston;

Whereas, The residential exemption provides relief from said housing costs for thousands of owner-occupiers of residential property in Boston;

Whereas, In the interest of helping Boston's residents afford the rising housing costs the City of Boston is committed to mitigating rising property taxes; now therefore, be it ordained by the City Council to be accompanied by a petition to the State Legislature:

SECTION ONE: Notwithstanding the provisions of section 5C of chapter 59 of the General Laws or any other general or special law to the contrary, with respect to each parcel of real property classified as Class One, residential, in the city of Boston as certified by the commissioner of revenue to be assessing all local property at its full and fair cash valuation, and at the option of the mayor, with the approval of the city council, there shall be an exemption equal to not more than thirty per cent (30%) of the average assessed value of all Class One, residential, parcels within the City of Boston; provided however, that such an exemption shall be applied only to

the principal residence of the taxpayer as used by the taxpayer for income tax purposes. This exemption shall be in addition to any exemptions allowable under section 5 of chapter 59 of the General Laws; provided, however that in no instance shall the taxable valuation of such property, after all applicable exemptions, be reduced to below ten per cent (10%) of its full fair cash valuation, except through the applicability of section 8A of chapter 58 and clause Eighteenth of said section 5 of chapter 59. Where, under the provisions of said section 5, the exemption is based upon an amount of tax rather than on valuation, the reduction of taxable valuation for the purposes of the preceding sentence shall be computed by dividing the said amount of the tax by the residential tax rate of the city of Boston and multiplying the result by one-thousand dollars (\$1,000.00). For purposes of this paragraph, "parcel" shall mean a unit of real property as defined by the assessors in accordance with the deed for such property and shall include a condominium unit.

SECTION TWO: A taxpayer aggrieved by the failure to receive such residential exemption may apply for such residential exemption to the assessors in writing on a form approved by the board of assessors within three months after the date on which the bill or notice of assessment was sent. An application timely filed hereunder shall, for the purposes of this chapter, be treated as a timely filed application pursuant to section 59 of chapter 59 of the General Laws.

Referred to the Committee on Ways and Means.

RESOLUTION REQUESTING SECRETARY OF ENVIRONMENTAL AFFAIRS ROBERT DURAND TO APPROVE THE CITY OF BOSTON MUNICIPAL HARBOR PLAN BASED ON ADDITIONAL CONDITIONS DEVELOPED THROUGH AN EXPEDITIOUS AND INCLUSIVE CONSULTATION PROCESS.

Whereas, Secretary Robert Durand has set the deadline for written public comment regarding the Municipal Harbor Plan for Wednesday, October 18, 2000; and

Whereas, The Committee on Transportation and Economic Development has conducted two Hearings on the South Boston Waterfront District, the most recent on Monday, October 16, 2000; and

Whereas, The impact the present Boston Municipal Harbor Plan will have on the City of Boston and all of Boston's residents will span generations to come; and

Whereas, All of Boston's neighborhoods and persons regardless of their race or economic status should be provided a destination or venue where they can actively recreate and experience the benefits and excitement of a true public waterfront; and

Whereas, Under Chapter 91 of the Massachusetts General Laws (the "Public Trust Doctrine") the waterfront belongs to the public and must be developed for a "proper public purpose" any development on the Waterfront must first and foremost serve "a proper public purpose" and second, the "private advantages" on developing the property "are not primary but merely incidental to the achievement of public purposes"; and therefore be it

Resolved, The Boston City Council in meeting assembled recommend to the Secretary of the Executive Office of Environmental Affairs for the Commonwealth of Massachusetts that he approve the Municipal Harbor Plan while taking into consideration the comments, correspondence and testimony of the residents of the City of Boston through an inclusive consultation process;

Whereas, Each of Boston's neighborhoods has a vested interest in the outcomes of the Mitigation Process; and

Whereas, There have been no public hearings or public input on the formulation of this far-ranging policy, therefore be it

Ordered, That the Boston City Council conduct a public hearing so that this Executive Order, its, rationale, scope, implications, and oversight can be explained to Councillors and the public; and be it further

Councillors ROSS, FEENEY, KELLY, MURPHY, YANCEY, HONAN and HENNIGAN offered the following:

Whereas, On November 7, 2000, voters will face Questions 4 and 6, two initiatives that will deplete public resources by \$2 billion; and

Whereas, Valuable lost revenue from tax cut initiatives will take away resources from health care, human services and education; and

Whereas, The current strong economy has produced a budget surplus which could be used to reduce class size in our schools, expand early childhood education and increase access to health care; and

Whereas, Questions 4 and 6 would benefit primarily the affluent, leaving little for the working-class families who most need the help; and

Whereas, Ballot Questions 4 and 6 will give voters a choice to invest in our children's future and provide needed services to our most vulnerable citizens; now therefore be it

Resolved, That the Boston City Council urges voters to vote NO on ballot questions 4 and 6.

PARKS DEPARTMENT ANNOUNCES 2001 TOUR DE GRAVES BIKE TREK

The Historic Burying Grounds Initiative, a non-profit program administered by the Boston Parks and Recreation Department, is hosting the popular Tour de Graves bicycle trek on October 28.

This year's ride is 20 miles in length and takes participants through many of Boston's neighborhoods with stops at 12 historic burying grounds and garden-style cemeteries. Participants will experience the beauty of Boston at the height of the fall and learn about these historic sites.

This popular non-competitive, daylong trek will begin at 10:00 a.m. Participants will depart from Central Burying Ground near the Tremont/Boylston Street corner of Boston Common. The registration fee for the ride is \$25, which includes a T-shirt and lunch at Mount Hope Cemetery. Additional T-shirts are available for \$15. The pre-registration deadline is Wednesday, October 24.

Please note that Tour de Graves registration is limited and does sell out, so early registration is recommended. Helmets are required for all riders. To obtain a registration form or further information about the HBGI, please contact Kelly Thomas at (617) 635-4505, ext. 6516, or by e-mail at kthomas@ci.boston.ma.us. Sponsorship for this event has been provided by Belmont Wheelworks.

The proceeds of the Tour de Graves go to the Historic Burying Grounds Initiative whose mission is the comprehensive restoration, on-going conservation and heritage interpretation of Boston's historic burying grounds. Since its inception, HBGI has completed over \$4 million in preservation projects in its burying grounds.

The City of Boston has the greatest number of burying grounds of any municipality in the United States. Dating as early as 1630, they are some of the oldest and most significant resources in the country. Seven of these sites date from the 1600s three to the 1700s and six to the 1800s. Additionally, the City's three active cemeteries also date from the 1800s. People come from near and far to visit these cultural landscapes to read the epitaphs, admire the carved artwork, and locate ancestors. Home to more than 16,000 slate and marble markers and monuments, Boston's burying grounds contain some of the finest examples of art and iconography in the country.

These sites are the final resting places of such notable figures in American history as Paul Revere, John Hancock, Samuel Adams, Phillis Wheatley, the victims of the Boston Massacre, the first governor of Massachusetts, John Harvard, and John Eliot. Many of the first families to settle in Boston neighborhoods in the 1600s and 1700s are also interred in these sites. Whether located on the Freedom Trail or in a residential section of town, these stones eloquently tell the story of the building of Boston.

WEST ROXBURY ANGLER WINS CITY FISHING DERBY

West Roxbury fisherman Paul Shurila earned top honors in Mayor Thomas M. Menino's 3rd Annual Long Island Striped Bass Derby by catching and releasing a 37½-inch striper on the final weekend of the tournament.

Mayor Menino and five-time national surfcasting champion Ron Arra of Lamiglas Fishing Rods brought the Derby to a close with an official awards ceremony and cookout on Sunday, September 30. Ken Stacy of Wollaston came in second with a 33¾-inch triper and 14-year-old Amanda Gregor of Dorchester placed a close third with a 32-inch bass caught on the last day.

This year's prizes, awarded to the anglers who caught the three largest striped bass as measured by length, included an 11-foot Lamiglas Ron Arra Surf Pro series rod, lures from Hab's Custom Plugs and Stoddard's of Boston, a ½-day fishing charter with Bruce Berman of Save the Harbor/Save the Bay, gift certificates from Bob Smith's Wilderness House, Neponset Circle Fishing, Union Oyster House, and Doyle's Cafe, subscriptions to *Salt Water Sportsman*, *On The Water*, and *The Fisherman*, and T-shirts and hats from several sponsors.

Mayor Menino launched the annual Long Island Striped Bass Fishing Derby in 1999 to expand recreational use of Long Island and allow local anglers the opportunity to fish in areas with limited public access.

Accessible by bridge from the Squantum section of Quincy, the island is at the mouth of Boston Harbor and provides great fishing opportunities due to its prime location along the harbor's main

shipping channel. Owned by the City of Boston, Long Island and neighboring Moon Island are used by several city agencies including the health, fire, and police departments, but the derby site was inaccessible to the public for years.

The Boston Parks and Recreation Department issued 750 permits allowing fishing at the site for three consecutive weekends beginning on September 15. At the closing ceremony, Mayor Menino greeted the crowd that braved the blustery weather and invited the participants enjoying the free cookout provided by the Boston Public Health Commission back for next year's Derby.

"We welcomed anglers of all ages from Boston's neighborhoods and beyond who came out to try their luck on Long Island," Mayor Menino stated. "Even if they didn't catch a fish, the men, women and kids who came out enjoyed the opportunity to have access to this spot and meet other people from throughout the area who share their love of fishing."

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

Whereas, The administrators in the Boston Public School system are covered by the City of Boston Residency Policy; and

Whereas, There are reports that a number of administrators who are covered by the policy are not residents of Boston; and

Whereas, It is essential that all departments of the City of Boston should uniformly enforce the Boston Residency Policy, therefore be it

Ordered, That Boston Public School Superintendent Thomas Payzant be invited to testify on the issue of enforcement of the City of Boston Residency Policy

ORDER FOR HEARING TO DESCRIBE FINANCIAL STRATEGY FOR IMPLEMENTING AFFORDABLE HOUSING PLAN AND HOW \$30 MILLION APPROPRIATION WILL BE USED (DOCKET NO. 1259)

Councilors TURNER, DAVIS-MULLEN, MURPHY, FLAHERTY, ROACHE, HONAN, SCAPICCHIO, HENNIGAN, CONLEY, YANCEY and FEENEY offered the following:

Whereas, Two weeks ago the Mayor of the City of Boston unveiled a housing plan for the City focusing on the use of City land for the development of affordable housing; and

Whereas, The Mayor's plan does not enumerate how the \$30 million appropriated for affordable housing in this year's budget relates to the implementation of the housing plan; and

Whereas, It is crucial that the City Council and general public understand not only the elements of the plan but also its financial strategy, therefore be it

Ordered, That the appropriate City Council committee convene a hearing inviting Mark Maloney, Director of the Boston Redevelopment Authority, Charlotte Golar Richie, Director of the Department of Neighborhood Development and Sandra Henriquez, Director of the Boston Housing Authority to describe in detail the financial strategy for implementing the housing plan and how the \$30 million appropriation will be used.

Section 2. This Ordinance shall be effective January 1, 2001.

Referred to the Committee on Public Safety.

RESOLUTION ON EMERGENCY GOVERNMENTAL ACTION TO REDUCE OIL AND NATURAL GAS PRICES (DOCKET NO. 1261)

Councilor TURNER offered the following:

Whereas, The price of oil has more than tripled since January of 1999, to over \$35 per barrel, and threatens to go even higher over the coming weeks and months; and

Whereas, Worldwide oil prices continue to rise despite increased production by OPEC nations, and release of the U. S. Strategic Petroleum Reserve; and

Whereas, The citizens of Boston, Massachusetts, and the New England states in particular, will face danger from increased fire hazards, as well as severe and potentially deadly economic hardship this winter, due to increases in prices for home heating fuels; and

Whereas, The petroleum price crisis is presently but one leading economic consequence of a general hyperinflation in financial asset-prices, now being expressed at increasing rates as a hyperinflation in commodity prices, following a trend similar to that suffered by Weimar, Germany during 1923; and

Whereas, The increasingly desperate effort to secure inflows of financial assets into the U.S. dollar sector, by means of various forms of speculative activity, seizes upon several combined factors, to increase asset-price accumulations from hyperinflationary trends in the delivery prices of petroleum products; and

Whereas, These factors include recent increased concentration of ownership of major oil companies through mergers and acquisitions, the increased role of the spot market in petroleum deliveries, the significance of denomination of deliveries in U S dollars, most especially the intensity of speculative dealings in the form of financial derivatives in this area, which threaten to bring the per-barrel price of petroleum to between \$40 and \$50 per barrel soon, and not much later, much higher; and

Whereas, Only drastic measures taken in concert between sovereign national governments can bring the petroleum-price crisis under control; and

Whereas, Appropriate action led by the U.S. government must aim at immediate emergency cooperation among the governments of principal petroleum-exporting and principal petroleum-consuming nations; and

Whereas, The actions of legislative groupings i.e., town and city councils, state legislatures and federal elected representatives must uphold the oath of office to defend and secure the General Welfare of all citizens; and

Whereas, The following actions proposed by economist Lyndon LaRouche to deal with that emergency situation contribute an important, and decisive step in the direction of moving the government of these United States to act in concert with other nations to solve the more general problem of the world's financial and monetary systems, therefore be it

Resolved, That the Boston City Council of Boston urges the President of the United States, the U. S. Senate and the House of Representatives to take emergency action to reduce oil and natural gas prices; including the following measures:

A) Declare a general strategic emergency in the matter of stability of flows and prices of essential energy-supplies of national economies;

B) Establish contracts, directly between the U. S. government and the governments of petroleum exporting nations, of not less than twelve months government-scheduled deliveries of petroleum;

C) Define reasonable prices for these contracts;

D) On the grounds of a global emergency in petroleum prices and supplies, set priorities on processing of such contracted petroleum flows through relevant refiners to priority categories of consumers in the United States, causing other stocks to be shunted to one side to the degree that these priority deliveries must be processed first;

E) Urge governments of other oil-consuming nations to take these same actions, in the context of this global emergency;

F) Investigate petroleum market manipulation, through financial derivatives speculation of other unfair speculative practices, and probe allegations that some portion of the U. S. Strategic Petroleum Reserve recently released for the benefit of citizens of the Northeastern United States, are in fact being exported overseas for profit by the U. S. refineries; be it further

Resolved, That the City Council of Boston urges the Government of the Commonwealth of Massachusetts, the Massachusetts General Court, and other state and local governments of the United States to support these emergency actions in the vital interest of the General Welfare of its citizens.

Referred to the Committee on State and Federal Relations.

RESOLUTION ENCOURAGING RESIDENTS TO VOTE NO ON BALLOT QUESTION #8 (DOCKET NO. 1262)

Councilors MURPHY, HONAN, FLAHERTY, FEENEY, SCAPICCHIO, KELLY and HENNIGAN offered the following:

Whereas, On November 7th, citizens of the Commonwealth will be voting on ballot initiative question #8; a question that could potentially change the State Laws governing sentencing, drug-dependency treatment, fines and forfeitures based on arrests for drug crimes; and

Whereas, On October 26, 2000 the Public Safety Committee of the Boston City Council held a 3-hour public hearing to listen to testimony on the pros and cons of ballot initiative question #8; and

Whereas, After hearing the insightful testimony of Two District Attorneys, The Boston Police Commissioner, members from the ACLU and representatives in the Public Health field it was clear to the Committee that if question #8 were to pass it would be particularly damaging to the City of Boston from a public safety and financial standpoint; and

Whereas, All eleven Massachusetts District Attorneys along with the Massachusetts Chiefs of Police Association oppose question #8 because it would allow persons charged with a drug crime to request a court finding that he or she is drug dependent or may be at risk of becoming drug dependent, and would benefit from court-monitored treatment instead of a period of probation or incarceration. Once treatment is successfully completed, the criminal charges would be dismissed, causing concern that this broad definition may allow repeat offenders and drug dealers to manipulate the system and side step prosecution; and

Whereas, It is understood that treatment is vital to the rehabilitation of persons fighting drug addictions, passage of question #8 however would open up vast legal loopholes in the effort to prosecute drug crimes throughout the entire Commonwealth; therefore be it

Resolved, The Boston City Council oppose ballot initiative question #8 and encourage the residents of the City of Boston on November 7th to vote NO ON BALLOT QUESTION #8.

Councilor MURPHY moved that the resolution be adopted under suspension of the rules.

On motion of Councilor TURNER, the question first came on suspension of the rules.

The rules were not suspended: yeas 8, nays 5:

Yeas - Feeney, Flaherty, Hennigan, Honan, Kelly, Murphy, Roache, Scapicchio - 8.

Nays - Conley, Davis-Mullen, Ross, Turner, Yancey - 5.

The resolution was referred to the Committee on Public Safety.

RESOLUTION RECOGNIZING AND COMMENDING LOCAL PARTICIPATING FUNERAL HOMES AND THOSE CITIZENS WHO HAVE SHOWN FINANCIAL SUPPORT OR OTHER SUPPORT FOR THE FUNERAL PROFESSION'S EFFORTS IN THE CONSTRUCTION OF NATIONAL WORLD WAR II MEMORIAL (DOCKET NO. 1263)

Councilors DAVIS-MULLEN, HENNIGAN, KELLY, ROSS, CONLEY, FEENEY, HONAN, SCAPICCHIO, ROACHE, TURNER, YANCEY, FLAHERTY and MURPHY offered the following:

Whereas, The Boston City Council is humbled and honored by the many and profound sacrifices made by all those Americans who contributed in any way to the monumental war effort that we and history call World War II; and

Whereas, The citizens from our community contributed to this victory, either in uniform or on the home-front, and by doing so, were part of the Allied defeat of the Axis powers after five years of terrible conflict and horrific experiences of war in Africa, Europe, and the Pacific; and

Whereas, The ultimate sacrifice of losing one's life in defense of his or her country and their country's principles was suffered by over 400,000 brave and selfless American soldiers, sailors, marines, and merchant marines; and

Whereas, This massive war is the only conflict or war in America's history which is not recognized with a national memorial; and

Whereas, The families of these brave men and women - to this day - still have no official and prominent location to which they may go to collectively recall the war days, while honoring their fallen and celebrating the lives of their family members who they love and remember; and

Whereas, The member funeral homes of the National Funeral Directors Association - the world's oldest and largest funeral service organization - have had the distinct privilege and honor of mounting a nationwide campaign, intended to help raise awareness of and funds for, the National World War II Memorial in Washington D.C.; and

Whereas, The funeral directors have had a very special relationship with the families of those veterans - the families who buried relatives, the families of those who returned home, and the survivors who our funeral homes still serve to this day, this governing body hereby gives recognition and thanks to area funeral homes that are involved with this great effort; therefore be it

Resolved, The Boston City Council recognizes and gives commendation, support and appreciation to our local participating funeral homes, their staffs, and staff's

family and to those local citizens who have shown financial support or other support for the funeral profession's efforts to help construct the National World War II Memorial; and be it further

Resolved, That the Boston City Council recognize and commend the following Boston area funeral homes for their participation in the World War II Memorial effort: F.J. Higgins Funeral Home, Folsom Funeral Home, Joseph Casper Funeral Home, John H. Sawyer Funeral Home, Keefe Keohane Funeral Home, Dolan Funeral Home, Robert J. Lawler & Crosby Funeral Home, J.S. Waterman & Son-Eastman-Waring Funeral Home, William J. Gormley Funeral Home and Jesse L. Corbin Funeral Home.

On motion of Councilor DAVIS-MULLEN, the rules were suspended; **the resolution was adopted.**

RESOLUTION COMMENDING BOSTON FIRE DEPARTMENT AND OTHER EMERGENCY AGENCIES FOR THEIR SELFLESS SERVICE, HEROICS AND EXPERIENCE (DOC-KET NO. 1264)

Councilor DAVIS-MULLEN offered the following:

Whereas, On the eve of Saturday October 28th into Sunday October 29, 2000, one of the biggest residential fires in recent Boston history ravaged residences throughout South Boston leaving over 60 residents without homes or belongings; and

Whereas, The gusty winds, the closeness of these dwellings to each other in this neighborhood and the times of night when these fires occurred had all of the ingredients to make these residential fires aggregately the worst in Boston's history; and

Whereas, Earlier on the eve of Saturday October 28, 2000 two separate and unrelated fires broke out in South Boston, one on E street and the other on East Broadway, which required the services of the Boston Fire Department and other agencies; and

Whereas, Early in the morning on Sunday October 29, 2000, the fire on Swallow Street and East Sixth Street was a 9 alarm blaze and required the experience, personnel, resources and already exhausted efforts of nearly every fire company in the City of Boston; and

Whereas, The Boston Fire Department and other emergency agencies responded to all of these fires within minutes of their respective alarms, enabling firefighters to stop and contain these fires from spreading to nearby residences; and

Whereas, The rapid response, experience and determination of all of Boston's fire companies, firefighters and emergency agencies resulted and directly contributed to the fact that no lives were lost in any of these fires; therefore be it

Resolved, That the Boston City Council, in meeting assembled, commend and honor all of the men and women of the Boston Fire Department for their selfless service, heroics and experience in preventing and controlling these fires from being as destructive as they could have been; and be it further

Resolved, That the Boston City Council commend and honor the Boston Police Department, the Boston Emergency Medical Services and all other public safety agencies for their services during this night of tragic fires.

On motion of Councilor DAVIS-MULLEN, the rules were suspended; **the resolution was adopted.**

22 August 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Child Care Capital Investment Fund, Inc (CCCIF), located at 18 Tremont Street, Suite 1020, Boston, MA 02108 in an amount not to exceed \$40,000. The term of this agreement is the period 1 July 2001 through 30 June 2002. It is my opinion that the cost is reasonable.

Under the terms of this agreement, CCCIF will continue to provide facility planning management services for the Child Care Facility Expansion and Improvement Programs under the Community Partnerships for Children Program. The services include design, management and implementation of the Project. The Community Partnerships for Children Program is a program designed to provide care and education to three and four year olds of working parents. The grant guidelines for this program stipulate that the program be administered by a Community Partnership Council consisting of local vendors and educators, the Zero to Eight Coalition was selected to act as this Council. The Zero to Eight Coalition is a member based group consisting of parents, teachers, directors and administrators of organizations around the City who take part in the care and education of Boston's children.

This contract is exempt from the provisions of M.G.L. c. 30B pursuant to M.G.L. c. 15, §54 (c) as amended by Chapter 38 of the Acts of 1995 and the attached opinion letter of the Inspector General. This contract is awarded under the provisions of the City Charter.

This contract is funded by a grant, CFDA 97.000, from the Commonwealth of Massachusetts Department of Education, Early Learning Services (DOE). Initial proposals are reviewed and approved for a three-year funding cycle, contingent upon annual approval of continuation funding from DOE.

(Continued on next page)

The Facilities Task Force issued a Request for proposals in May 2001; proposals were then reviewed by the Facilities Task Force. CCCIF was selected for the scope of their project and its consistency with the objectives of the Community Partnerships for Children program as well as their long standing commitment to expanding child care facilities in the City of Boston. In view of the CCCIF's competitive selection through the Request for Proposals process, it is my opinion that no useful purpose would be served by further advertising.

This request is submitted late due to the difficulty in obtaining all the necessary contract documents.

Sincerely,
Michael Contompasis,
Acting Superintendent.

As a Literacy Coach, her duties include supporting grade four and five teachers during guided reading classes, conducting small reading groups and all other duties in accordance with the attached job description. Compensation will be \$100.00 per diem, not to exceed 80 days, a rate I deem as reasonable.

As an employment agreement with an individual, this contract is not governed by the provisions of M.G.L. c. 30B. This contract is awarded under the provisions of the Charter of the City of Boston.

Ms. Gilman received a Bachelor of Science in Nursing from S.U.N.Y. at Plattsburgh, N.Y. and a Master of Science in Psychiatric Nursing from Boston College. Ms. Gilman was chosen to perform these services after the Boston Public Schools Office of Human Resources recruited full and part time literacy coaches from within and outside the Boston Public Schools. Curley selected Ms. Gilman, the most qualified candidate, to perform these services.

In view of the professional nature of the services to be performed, and the expertise of Ms. Gilman in this area, and the fact that a search was conducted, it is my determination that no public purpose would be served by public advertising.

Sincerely,
Michael Contompasis,
Acting Superintendent.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

ORDINANCE AMENDING MINORITY AND WOMEN BUSINESS ENTERPRISE (MWBE) ORDINANCE (DOCKET NO. 1290)

The following was received:

City of Boston
Office of the Mayor

November 14, 2000

To the City Council.

Dear Councilors:

I transmit here with for your approval an Ordinance amending the Minority and Women Business Enterprise (MWBE) Ordinance, which is due to expire on December 31, 2000.

In 1994, the City of Boston commissioned a so-called disparity study entitled, "The Utilization of Minority and Woman-Owned Business Enterprises in the Boston Metropolitan Area." Based on this study, the MWBE Ordinance was amended to narrowly tailor the program in light of recent court decisions. Part of this amendment included a sunset provision ending in the year 2000, even though the findings of the study were valid until the end of 2004.

The Minority and Women Business Enterprise Office has retained a consultant to update the findings of the 1994 disparity study. Given, however, that data from the 2000 census is not yet available, I am asking the City Council to approve a one-year extension of the MWBE ordinance to allow for the disparity study to be fully updated with the most recent and best available data. Once that information is available, I will ask my administration and the City Council to evaluate the data so that the City will have the strongest possible MWBE program from both programmatic and legal perspectives.

In light of the fact that the findings of the 1994 disparity study remain valid until 2004 and the results of the 2000 Federal Census are not yet available, I urge your Honorable Body to pass this amendment without delay.

Sincerely,
Thomas M. Menino,
Mayor of Boston.

REPORT ON ORDINANCE RELATIVE TO BANNING SALE OF MERCURY THERMOMETERS (DOCKET NO. 1116)

Councilor ROACHE, on behalf of the Committee on Public Health, submitted the following:

Report on Docket No. 1116, ordinance relative to banning the sale of mercury Thermometers (referred September 20) - recommending passage of the ordinance in the following new draft:

City of Boston

In the Year Two Thousand

AN ORDINANCE RELATIVE TO BANNING THE SALE OF MERCURY THERMOMETERS IN THE CITY OF BOSTON

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Section 1

(a) Mercury is a persistent and toxic pollutant that bioaccumulates in the environment and the food chain.

(b) Incineration of medical and municipal waste, which contains whole or broken thermometers, is a major source of atmospheric deposition of mercury in the Northeast resulting in mercury contamination of air and water.

(c) Mercury from mercury thermometers can also directly enter the environment through vaporization and/or spillage when a thermometer breaks during use, transportation or disposal. The United States Environmental Protection Agency (US EPA) estimated that for the year 2000, 17 tons of elemental mercury from thermometers will be disposed of as municipal solid waste - this does not include additional mercury that finds its way into the medical waste stream.

(d) Accidental mercury spills, breakages, and releases have occurred at schools throughout the Northeast. In addition to the threat of health risks to students and staff and potential for adverse environment impact, these discharges are costly. Harvard University has sited that it costs \$110 to properly clean up a single thermometer breakage in a laboratory. If the mercury is accidentally spread through tracking, HVAC or cleaning, costs rapidly escalate. This does not reflect the cost to replace contaminated items and in some cases it can reach into multiple thousands of dollars. These incidences have proven costly to clean up and have exposed students, teachers and/or administrators to mercury emissions.

(e) Due to the bioaccumulation of mercury in fish, the Massachusetts Department of Public Health has issued a statewide native fresh waster fish advisory, warning pregnant women, women of childbearing age and children not to consume any fish.

(f) Pharmacy chains of Rite-Aid, K-Mart, Brooks, Target, Wal-Mart, Albertson, Kinney, Toys 'R' Us, Safety First, The First Years and Meijers amongst others have joined a Mercury Free Thermometer campaign, pledging to discontinue the sale of mercury basal and fever thermometers.

(g) There are accurate and safe alternatives to mercury thermometers that are readily available and comparable in cost.

(h) Local take back programs have already demonstrated the ease and effectiveness of removing mercury products. The town of Burlington, MA successfully collected more than 1425 mercury thermometers. Unexpectedly, Burlington's program also received over 60 pounds of raw elemental mercury. Oakland County in Michigan is also rounding up mercury thermometers to get the toxic metal out of medicine cabinets. Beth Israel Deaconess Medical Center, New England Medical Center, and Dana Farber Cancer Institute and Newton-Wellesley Medical Center are among many hospitals and clinics that have participated in mercury thermometers 'round-ups' and have taken a pledge to virtually eliminate mercury waste from the health care waste stream by 2003.

(i) In 1998 the American Poison Control Center received 18,000 phone calls regarding broken mercury thermometers. The average cost of handling each call was \$30, plus the added cost to the caller of cleaning up the mercury spill.

(j) In the state of New Hampshire, a person shall not sell or supply mercury fever thermometers to consumers and patients, except by prescription. The county of San Francisco; the city of Duluth, Minnesota; the city of Ann Arbor, Michigan and Dane County Wisconsin are among many government bodies that have already passed legislation to ban the sale of mercury thermometers.

(k) The New England States and Eastern Canadian Provinces are implementing a bi-national mercury plan, which was unanimously adopted in June of 1998 by the Conference of New England Governors and Eastern Canadian Premiers (and signed by Governor Cellucci in June 1998). The mercury action plan is an ambitious program to virtually eliminate the emissions of mercury in the region. The regional goal of this action plan supports the virtual elimination of anthropogenic mercury. The plan consistent with the prohibition of mercury thermometers sales.

(l) The "Massachusetts Zero Mercury Strategy", formed by Environmental Affairs Secretary, Robert Durand, adopted in the summer of 2000 an ambitious strategy that calls for virtual elimination of the use and discharge of mercury including mercury thermometers.

(m) The American Hospital Association (AMA) - US Environmental Protection Agency (EPA) memorandum of Understanding calls for "virtual elimination" of mercury from healthcare facilities. Over 500 hospitals and clinics across the country have already taken a pledge to remove mercury thermometers and replace them with safe alternatives.

(n) The New England states are in the process of individually introducing model mercury legislation that would severely restrict the sale of mercury fever thermometers.

Section 2 The Municipal Code of the City of Boston is amended as follows:

Section 2.1. Definitions.

A. City means the City of Boston.

ORDER FOR HEARING RE: RETENTION OF AFFORDABLE ARTISTS WORKSPACE IN FORT POINT SECTION OF SOUTH BOSTON (DOCKET NO. 1333)

Councillor KELLY offered the following:

Whereas, The Fort Point area of the South Boston neighborhood has been home of a thriving arts community for the past 25 years, and is recognized as one of the largest artist communities in New England; and

Whereas, The turn of the century warehouses located in the Fort Point area with their high ceilings, ample light, weight bearing floors, loading docks and freight elevators, are ideally suited to the work space needs of artists and other small business owners; and

Whereas, The city has recognized that the Fort Point area of South Boston is ideally suited for mixed cultural use, and that such use stabilizes the neighborhood, attracts investment and businesses, revitalizes the area, and encourages small industries that provide services in a thriving mixed use small business district; and

Whereas, It is in the public interest to protect and preserve small business districts throughout the city, and especially in the Fort Point area where artists have lived and worked for a quarter century; therefore be it

Ordered, That the Boston City Council conduct a public hearing into the city's plans for this area, and that representatives of mayor's office, the BRA, Cultural Affairs, and both residents and the various small business owners of the Fort Point area be invited to attend.

RESOLUTION SUPPORTING FORT POINT COMMUNITY (DOCKET NO. 1334)

Councillors TURNER, ROSS, HONAN, FEENEY, FLAHERTY, MURPHY, SCAPICCHIO, HENNIGAN and CONLEY offered the following

Whereas, The warehouses constructed in the late 1800s and early 1900s in the Fort Point area have provided space for working artists for over 25 years; and

Whereas, Fort Point has long been noted as the largest artists community in New England; and

Whereas, These turn of the century warehouses are ideally suited to the needs of artists supplying good

light, weight bearing floors, high ceilings, loading docks and freight elevators which has provided a setting that has for over 25 years enabled this community to serve as an incubator and creative environment for artists at all levels of their careers, from young artists to established professionals; and

Whereas, Since the exodus of most of the original industrial uses of these warehouses in the mid' 40s artists have through their presence, reduced crime and attracted many new businesses, creating a vibrant location for cyber companies and other creative businesses, including the highest concentrations of photographers, architects and designers; and

Whereas, Understanding the nature of the vitality and energy artists bring which quickly attracts other businesses, including retail to an area, some cities such as Providence, Worcester, Brockton and Lowell have developed concerted efforts to attract artists to revitalize their downtown districts; and

Whereas, The artists, themselves being small industries, have always existed in harmony with the larger industrial entities, such as Gillette, coexisting without the contention often found in other mixed use neighborhoods; and

Whereas, The Fort Point neighborhood has become a prime location for development being bound by the Convention Center, the new waterfront development parcels, the completion of the local phase of the Big Dig and having easy access to the airport via the Ted Williams Tunnel; and

Whereas, The artists community is being priced out by increased rental rates driven by the new desirability of the neighborhood; and

Whereas, If the artists are forced to move they may have to relocate to other cities and/or create more pressure on surrounding neighborhoods; and

Whereas, The City of Boston has identified Fort Point as a mixed use cultural district in its Public Realm Plan for their development of Boston's new waterfront district. Therefore be it

Resolved: That the City Council calls upon the City Administration to use its resources to enable the existing artist community in the Fort Point area to remain a vital contributor to this neighborhood and to the City of Boston.

Referred to the Committee on Arts and Humanities.

Councillor KELLY, on behalf of all the Councillors, offered the following:

Whereas, The residents of Boston were in the forefront of the successful effort to amend the Massachusetts Constitution to allow classification for the purpose of property taxation; and

Whereas, Since adoption of the Constitutional Amendment in 1978, this Council has established a policy of utilizing classification to tax residential properties at the lowest level permitted by state statute; and

Whereas, This policy and the Council's annual action to declare a residential exemption in the greatest amount permitted by the General Laws has resulted in substantial protection and savings for both homeowners and renters from the effects of revaluation; and

Whereas, Action in this regard for Fiscal Year 2001 must be taken prior to certification of the tax rate by the Department of Revenue; therefore be it

Ordered, That pursuant to the General Laws, Chapter 40, section 56, the residential factor in the City of Boston for Fiscal Year 2001 shall be the minimum residential factor as determined by the Commissioner of Revenue pursuant to MGL Chapter 58, section 1A, and be it further

NO. 46

MAYOR MENINO ANNOUNCES GOLF COURSE IRRIGATION PROJECT

Mayor Thomas M. Menino has announced plans for \$2 million in irrigation improvements to the City of Boston's municipal golf courses.

The Boston Parks and Recreation Department will oversee the installation of two automated irrigation systems that will irrigate the greens, tees, fairways, and selected roughs at the William Devine and George Wright golf courses in Dorchester and Hyde Park. Construction is slated for completion in May 2002.

"Boston's golfers are a dedicated group at values both of these courses for the sport and relaxation that they offer," Mayor Menino stated. "The City has been doing its part to maintain and improve these facilities including the construction of a new clubhouse at Franklin Park and the irrigation systems that we are announcing today."

The systems will feature state-of-the-art computer-driven control with on-site weather monitoring and individual control of each head in the system. The fairways will sport a three-row system with a total of 939 heads to be installed at the William Devine Golf Course at Franklin Park and 813 at the George Wright Golf Course in Hyde Park. Total cost will be approximately \$1 million per course.

"These new irrigation systems will help us attain our goal of having the finest public golf courses in Massachusetts, if not in the country," said Boston Parks Commissioner Justine M. Liff.

Both golf courses are extremely popular with city golfers. Approximately 5,000 rounds are played at the William Devine Golf Course annually with another 44,000 played at the George Wright. Master plans have been created with the help of golfers at both courses to map out future improvements.

A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash, and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables and whole-grain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt- or nitrite-cured foods such as ham, and fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces cancer alone.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

All distances shall be made accurately by direct measurement in the field or by measurement from a scale drawing of the blast vicinity.
 - Include weather conditions, including those which may cause possible adverse blasting effects.
 - Record the type of material blasted.

The required distance for preblast inspection surveys is dependent on the size of the blast, as measured in terms of the maximum pounds of explosives detonated per delay. Table 1 provides distances to which

preblast inspection surveys shall be required. Exception: Quarries complying with all of the requirements of 32B of this ordinance shall not be required to conduct preblast surveys unless required by 527CMR.

- (C) A map drawn to scale shall be submitted to identify all structures for which preblast surveys were made. This site map shall include all structures located at distances determined from Table 1.

TABLE 1

Required Radial Distances
for Preblast Inspection Surveys

Explosives, W pounds over	Explosives, W pounds not over	Distance to nearest blasthole, feet
0	10	250
11	20	325
21	30	400
31	40	475
41	50	550
51	60	625
61	70	700
71	80	775
81	90	850
91	100	925
101 or more		100 * W1/2

W = maximum pounds of explosives per delay (i.e. detonated within 8 milliseconds)

Note: The distances in Table 1 are derived from 527 CMR Section 13.09 Table 2. The distances in Table 1, The Preblast Survey Table, are increased by approximately 50% over the distances in 527CMR Section 13.09 Table 2. This increase is needed to take into account that particle velocities may be much higher than anticipated using the scaled distances assumed in 527CMR Section 13.09 Table 2. Under some geological conditions particle velocities may be higher by a factor of two or more. Under conditions of high confinement, such as the opening holes in a heading or pre-splitting they may be higher by a factor of five or more. These numbers can also be derived approximately by utilizing the statistics published in RI-8507 and developing a model for the 95th percentile.

- (B) The Fire Department shall be notified by the blaster in charge each day that blasting is done at least two hours before any blasting on site. It is required that the blaster shall also call the Fire Alarm Office immediately before each blast.
- (C) Blasting mats shall be used for all blasts except where the Head of the Fire Department deems it impractical.
Exception: Quarries complying with all of the requirements of 32B of this ordinance shall not be required to use blasting mats unless required by 527CMR.

- (B) Where sufficient blast data is available to prepare square root scaled distance plots, compliance with vibration limits shall be achieved by submittal of blast designs that predict 90% of the permitted vibration level with a 95% degree of confidence. For the case that 95% of the vibrations have frequencies greater than or equal to 20 Hz, the target vibration for blast design shall be 0.90×1.0 in/sec, or 0.90 in/sec. For the case that 95% of the vibrations are greater than or equal to 10 Hz, the target vibration with a 95% degree of confidence shall be 0.90×0.75 in/sec, or approximately 0.70 in/sec. For the case that 5% or more of the vibrations are less than 10 Hz, the target vibration for blast design shall be 0.90×0.5 in/sec, or 0.45 in/sec.
- (C) Existing quarries shall analyze vibration data acquired during the previous blasting year for the purpose of designing blasts to comply with these vibration limits.
- (D) New quarries, or quarries for which historical data is lacking, shall conduct a series of test blasts to establish vibration and noise propagation trends sufficient to predict vibrations at the 95% confidence level for proposed production blasts. Details of the test blasting procedures shall be submitted to the Head of the Fire Department for review and approval.

32B.03 BLAST ANALYSIS

The area for the blast analysis for quarries will include the area completely included within the line at which peak particle velocity exceeded 0.25 ips, during the previous 3 years. These distances shall be determined in the blast analysis using published or site-specific predictive equations. For the case that peak vibration and airblast observations significantly differ from predictions of published models, the blast analysis shall be performed using site-specific data and predictive models. Development and planned usage of site-specific predictive models for ground vibration and airblast propagation shall be documented in reports submitted to the Head of the Fire Department.

32B.04 SEISMOGRAPH MONITORING

One seismograph shall be placed at the location of the closest inhabited building or structure, not controlled by the quarry, to the blast. A second seismograph shall be placed at the closest residence behind the open face of the blast. The third seismograph shall be placed at a location mutually agreed upon by the quarry and the Head of the Fire Department.

32B.05 INDEPENDENT CONSULTATION

Quarries shall retain the services of a consultant who shall, on an annual basis, review the seismographic reports from the proceeding year and make recommendations designed to minimize the impact from vibrations on the surrounding neighborhood, for the upcoming

year based on the location in which the quarry intends to blast. Prior to each blasting season, representatives from the quarry together with representatives from the licensed blaster hired by the quarry and the consultant shall meet with the Head of the Fire Department or his designee to review the quarry's plans for blasting for the upcoming season.

The consultant's annual reports should include analyses of all items that mitigate the effects of noise and vibration (N/V) transmitted into the neighborhoods surrounding the quarry. These reports need to be comprehensive and cumulative so that any new blasting contractor will have readily accessible the entire year-by-year history (i.e. past 5 years) of implementations of blast designs and the success or failure of such designs to maintain N/V amplitudes at levels acceptable to the Head of the Fire Department.

At a minimum the shot variables to be considered are:

- Maximum charge weight detonating at one time.
- True distance (distance the waves must travel).
- Geological conditions.
- Confinement.
- Physical properties of the rock.
- Coupling.
- Spacial distribution.
- Detonator timing scatter.
- Time of energy release.
- Type of explosive.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to continue to impart values important to their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to continue to impart values important to their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.
- To increase knowledge and provide tools for both parents and teens/pre-teens on how they can improve their relationship and communication.
- To address the unique issues immigrant families face that present barriers to effective communication between parents/guardians and their teens/pre-teens.

We are seeking organizations that have educational material in any medium relevant to this campaign and would like to provide them free of cost or at a reduced rate to organizations serving parents and/or teens in Boston. We will begin distributing such material at the "kick-off" event to the cam-

paign at the end of January. If you have any such material to distribute, please inform Jerry Mogul at the Mayor's Office of Community Partnerships, 43 Hawkins St., #3B, Boston, MA 02114, 617-635-3140, or jerry.mogul@ci.boston.ma.us before January 1, 2002.

BOSTON COMMUNITY CENTERS HOLDS HALLOWEEN ACTIVITIES FOR BOSTON YOUTHS

In order to provide a safe and fun alternative to "trick or treating" in the city streets, Boston Community Centers, the City of Boston's largest youth and human service agency, offered a variety of free and low-cost Halloween activities for Boston youths.

"From parties, haunted houses and swimming activities to dances, games and plays, our centers offered a wide variety of unique fun Halloween events for children and their families," said Evelyn Riesenber, Executive Director of Boston Community Centers. "Community Centers' Halloween activities, in conjunction with other Halloween events sponsored by the City of Boston, gave children and parents a wide variety of choices to enjoy Halloween."

At the Paris Street Community Center in East Boston, over 300 young people attended their Halloween Block Party.

The Museum was the creation of Isabella Stewart Gardner (1840-1924) "for the education and enjoyment of the public forever." Since opening to the public in 1903, the Gardner has served as a center for ideas and life-long learning in its community - a tradition that is kept alive today through an array of interpretive, creative educational horticultural, artistic and scholarly programs.

SPECIAL EXHIBITION

"Presence"

October 31 - December 30, 2001

Art meets science in the Fall 2001 exhibition at the Gardner. The germination of life and death. The generating and corrupting influences of light. Facing, aging, memory, possession and loss. The ever-changing tonalities and hues of the color green. These are some of the ideas and themes woven into the fabric of an extraordinary body of work by artists Heather Ackroyd and Daniel Harvey, who are known internationally for their cre-

ation of "photographs" on large canvases of grass. This British pair harnesses the process of photosynthesis and capture chlorophyll to fix image in growing grass. This installation of their work will mark the first solo exhibition of Ackroyd's and Harvey's work in the U.S.

* Gallery talks about *Presence* will be given by Museum staff members on Saturdays at 12:00 p.m. throughout the exhibition (excluding Thanksgiving weekend). All gallery talks are free with Museum admission.

November 20, 2001 - January 6, 2002

The presentation centers on Gardner's table service, adorned with Victorian china, silver and stemware. The table is set for eight guests, all "waifs and strays," as Gardner wrote, "friends who did not have family nearby." *Isabella Stewart Gardner's Holiday Table* is on display in the Dutch Room at the Gardner Museum November 20 through January 6. Each year, the Gardner Museum decorates its signature courtyard with Poinsettias, Azaleas, Cyclamen, Winter Berries and Heather Trees. The courtyard will be dressed for the holidays beginning December 4.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to continue to impart values important to

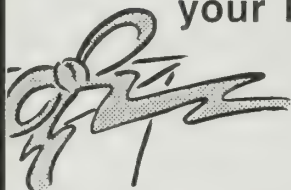

their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.
- To increase knowledge and provide tools for both parents and teens/pre-teens on how they can improve their relationship and communication.
- To address the unique issues immigrant families face that present barriers to effective communication between parents/guardians and their teens/pre-teens.

***City of Boston "Leading the Way", HOME,
CDBG and Section 8 Project-Based
Assistance Program***

The City of Boston Public Facilities Department, Department of Neighborhood Development, (DND) is authorized through the United States Department of Housing and Urban Development (HUD) to distribute HOME Investment Partnership Funds (HOME) and Community Development Block Grant funds (CDBG) to promote housing and community development activities for low and moderate-income persons. "Leading the Way" funds have been appropriated through the City's operating budget. In this RFP, DND offers loans to assist the development of rental and cooperative housing projects. The Boston Housing Authority (BHA) is authorized through HUD to implement and administer a Section 8 Project-Based Assistance (PBA) Program.

This funding is available for rental and cooperative projects only. Projects applying for funds from the City must also apply for development loans and/or Low Income Housing Tax Credit (LIHTC) funding from the Commonwealth of Massachusetts Department of Housing and Community Development in its upcoming funding round. Funding awards made under this RFP will be contingent upon receipt of State funding.

The City's principal goal is to support projects that will expand the supply of affordable rental and cooperative housing. Toward this end, at least 75% of the development funds made available through this RFP will targeted toward production: new construction and the rehabilitation or adaptive use of vacant buildings. Another key objective is to increase the number of housing units available to Boston's homeless population.

Both for-profit and non-profit developers of affordable housing are eligible to apply. Some restrictions apply. A fuller description of funding restrictions, priorities and selection criteria are described in the RFP package.

DND funding under this RFP may not exceed \$40,000.00 per affordable unit. In addition, the maximum award for Production projects is \$1,000,000.00 and for Preservation projects is \$500,000.00. Applicants MUST clearly demonstrate a need for City funding. DND may award less than the amount requested.

Within this funding round, the BHA will make available 400 units of Section 8 project based vouchers for very low-to-moderate-income households. Only applications submitted in response to the advertisement will be considered.

There will be a bidder's conference on Wednesday, December 12, 2001 from 10:00 A.M. to 11:00 A.M., Winter Chambers, 26 Court Street, 1st Floor. It is strongly suggested that all prospective applicants attend this session. Prospective applicants seeking funding for occupied properties are also strongly encouraged to attend a Relocation Workshop, which will immediately follow this bidders conference at 11:00 A.M.

A Letter of Intent should be submitted by December 12, 2001. It must indicate the name, address of the proposed project, number of units in the project, name of applicant, approximate

amount, type of funding and the number of Section 8 project-based vouchers you intend to apply for. Applicants should also specify whether their property is production or preservation. Please mail, fax or deliver to the attention of James Yates, DND, 8th Floor, 26 Court Street, Boston, MA, 02108, fax (617) 635-0383.

The proposal package will be available on Monday, November 26, 2001 at DND, Bid Counter, 26 Court Street, 10th Floor, Boston, MA 02108. Applications must be submitted as instructed in the RFP package by Thursday, January 3, 2002 no later than 4:00 PM. Applicants who are applying For Section 8 PBA assistance, must submit a fifth copy of the application with all relevant Section 8 specific material by Friday, January 11, 2002 no later than 4:00 PM. This application copy may also be submitted on January 3, 2001.

Applications must be directly submitted to:

Bid Counter, 10th Floor
Department of Neighborhood Development
26 Court Street, 10th Floor

The proposal package is all inclusive of forms to be utilized and submitted for this proposal process. Proposals submitted on forms other than those specified will be rejected without further consideration.

The City of Boston reserves the right to reject any and all proposals. The contract is subject to the approval of the Public Facilities Commission and will be awarded by the Public Facilities Department within 90 days of proposal due date. CITY OF BOSTON

Proceedings of City Council

Monday, January 1, 2001

First meeting of the City Council for the year 2001 held in the Christopher A. Iannella Council Chamber, City Hall, at 10:00 a.m. Councillor ROACHE, senior member, presiding and all the members present.

INVOCATION

Monsignor Thomas F. McDonnell, St. Augustine's Church, South Boston, delivered the invocation, and the meeting was opened with the pledge of allegiance to the flag.

ELECTION OF A PRESIDENT

On motion of Councillor KELLY, the Council voted to proceed to the election of a president for the municipal year 2001.

For Councillor Yancey: Councillors Davis-Mullen, Feeney, Flaherty, Kelly, Murphy, Roache, Turner, Yancey — 8.

For Councillor Honan: Councillors Conley, Hennigan, Honan, Ross, Scapicchio — 5.

Councillor Yancey, having received eight votes, was declared elected president for the municipal year 2001.

Later in the session, Councillor Honan moved that the vote for Councillor Yancey be made unanimous.

The motion was carried.

STATEMENT OF COUNCILLOR KELLY

President-Elect Yancey invited former President Kelly to say a few words:

I learned a long time ago that in order to feel like a winner, you don't necessarily have to win, and indeed no one knows that better than me.

I just want to, first of all, thank my family, my friends, all of those involved with the labor community, people from organized labor, all of you here today to try to root me home. It wasn't there for us, I can live with that. I know that all of you can live with that.

The fact that this was going to be tough sledding this year, I think it's no surprise to anyone, but the fact that you are all here today rooting for me, saying prayers, that is something that, you know — I have been Council President for seven consecutive years, longer than anyone in the history of the City of Boston, and a tremendous honor.

This is President Yancey's day so I just want to be brief.

I thank the President for allowing me to come to the podium to thank all of you for everything that you have done for me, and rest assured I will be counting on your support in the future. The fact that I'm not in this year doesn't mean anything.

I talked to WBZ radio this morning, and they said, Well, you are the second highest elected official in the City. And I said, you know, the second highest elected official, that is purely a symbolic type of — in fact, it's called — (Inaudible remark from reporter.)

COUNCILLOR KELLY: Let me tell you — and I hope I'm in competition with my twelve colleagues — the second highest position in City Government goes to that member of the Council that is going to work harder and do more for their constituents than anyone else. And

that I was elected by the citizens and voters of District 2 to be their City Councillor, to work hard for them, and that's exactly what I'm going to continue to do. Being in the presidency was an added honor, and quite frankly, as President Yancey will find out, an added responsibility. It is going to require enormous work. You have got to be there not only for the residents of the City, but you have to be there for your colleagues when they have a problem, when they need your counsel, when they need your help, when they need you to guide them through a particular legislative problem. That's what the President is all about. That is what I tried to do, and I have every confidence that Councillor Yancey will carry on the tradition that was brought to me by people like Chris Iannella and Joe Tierney and Bruce Bolling who were presidents during my ten years as a member of the City Council. They passed it on to me, I pass the torch on to Councillor Yancey, and I pledge whatever I can do to be helpful to Councillor Yancey, I will do.

There are a couple of reasons why I voted for Charles Yancey: Number one, we came on the Council together, and there's a bond between those Councillors that came on, sort of like up the State House, there is a special relationship; I think Charles and I have that special relationship. Probably not always. We have had our disagreements over the years, and the reason we have had our disagreements, we both feel very passionately about certain issues and sometimes we didn't see eye to eye, but never for a moment was there any disrespect from Charles, and I thought that that was important.

One other reason why I voted for Charles, in addition to him being a veteran Councillor, he is a man of enormous integrity. During this process of negotiating or trying to work out a deal, Charles has been nothing but up front and honest. I asked him a straight question, and he gives me a straight answer. That's the way Charles has dealt with me, and that's the way he has dealt with my colleagues on the Council, that's the way he will deal with the people in the City, and I just ask of Charles, there is an awful lot of working men and women in the City that need an awful lot of things; they need housing, they need job opportunities, and that's not for the people of South Boston or the people of Roxbury, that's for the people across the City.

So all of us under your capable leadership, Mr. President, have got to work together to make sure that some of these needs that are desperately needed by all of our constituents across the City, that we are going to work closely to make these things happen.

With that, I wish you the very, very best of luck and a pledge that I will continue to work with you as I have in the past toward an effective independent body.

STATEMENT OF PRESIDENT YANCEY

President Yancey expressed his gratitude, surprise and delight in accepting the presidency of the Boston City Council vowing to address issues of housing, economic development, "But most of all we are going to ensure that the Boston City Council is an equal partner in government."

DISAPPROVED LOAN ORDER OF \$57,000,000 FOR SCHOOL DEPARTMENT PASSED BY CITY COUNCIL ON DECEMBER 13, 2000 (DOCKET NO. 0159)

The following was received:

City of Boston
Office of the Mayor

December 29, 2000

To the Boston City Council.

Dear Councillors:

I return herewith unsigned and disapproved, a loan order passed by your Honorable Body on December 13, 2000, Docket #0640, for the sum of \$57,000,000 to be appropriated for projects which may become approved school projects within the meaning of Chapter 645 of the Acts of 1948, as amended.

The City has taken the first steps in solving its school facility issues with the passage of authorizations this year for the construction of three new schools in Roxbury and Mattapan. As school facility planning moves into its next phase, care must be taken to ensure that any proposed program of new construction and renovation is both affordable from the standpoint of additional operating expenses and annual debt service. The City must also be prudent in the level of debt outstanding it must carry.

The City of Boston and the Boston School Department have initiated an ongoing strategic planning process to address the school facility issues about which we are all concerned. The decision to move forward on authorizing funds for a new high school and all other school facility needs must occur within the context of the City's overall capacity to fund debt service, to shoulder the additional debt outstanding, to get approval from the State School Building Assistance program for reimbursement purposes, and to address all other nonschool facility and infrastructure needs.

This order was passed without the benefit of full consideration of the impact on the City's finances as well as the careful planning necessary in creating an appropriate long term solution that address the school system's enrollment and facility challenges. It is for these reasons that I feel this veto is appropriate.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Ordered, That the sum of \$57,000,000 be, and hereby is, appropriated for projects which may become approved school projects within the meaning of Chapter 645 of the Acts of 1948, as amended, including the planning, designing, acquiring land for, constructing and originally equipping structures and facilities and for remodeling, reconstructing, or making major alter-

ations, additions and major repairs to existing facilities including original equipment and landscaping, including the planting of shade trees, paving and other site improvements incidental or directly related to such remodeling, reconstruction or repair for the purposes of the School Department; and that to meet said appropriation the Collector/Treasurer be, and hereby is authorized under the provisions of Chapter 642 of the Acts of 1966, as amended, or under the provisions of Clauses (3) and/or (3A) of Section 7 of Chapter 44 of the General Laws, to issue from time to time, on request of the Mayor, bonds, notes or certificates of indebtedness of the City up to said amount, provided that the appropriation authorized by expended only for a high school in Mattapan.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Section 1. Notwithstanding the provisions of any other ordinance now in existence, it shall be the duty and responsibility of the legal owner or his/her agent of a building structure to install fire and/or smoke detectors and any carbon monoxide detectors approved by the Boston Fire Department within the premises as defined in Section 26c of Chapter 148 of the Massachusetts General Laws.

Section 2. Carbon monoxide detectors shall not be required in buildings without carbon monoxide producing agents as defined by the Boston Fire Department.

Section 3. This Ordinance shall be effective July 1, 2001.

RESTRUCTURING ACT OF 1997, SECTION
247 WILL BENEFIT RESIDENTS AND BUSI-
NESSES OF CITY (DOCKET NO. 0171)**

Councillor TURNER offered the following:

Whereas, The Commonwealth of Massachusetts has established a competitive market through restructuring of the electric utility industry; and

Whereas, Citizens of Boston have a substantial economic, environmental and social interest at stake; and

Whereas, The City of Boston residential and business consumers are interested in lowering their electricity rates and improving the quality of services for all residents, commercial and industrial business; and

Whereas, To date, approximately 90 of the Commonwealth's 351 cities and towns have agreed to join three electric aggregation groups: The Cape Light Compact, the Massachusetts Health and Educational Facilities Authority power/options program and the MunEnergy Program offered by National Energy Choice. Therefore be it

Ordered, that the City of Boston, with all due speed, undertake a brief initial study to determine if municipal aggregation as put forth in the Massachusetts Electric Utility Restructuring Act of 1997, Section 247 will benefit the residents and businesses of Boston. Such a study should include: 1) the determination of the amount of money the residents and businesses of the City of Boston spend on electricity annually by neighborhood; 2) how much demand side management money would be available to the City of Boston if it submits an energy management plan; and 3) how much residential and small commercial consumers, with special consideration given to low income residents, will benefit from electric utility restructuring under various scenarios.

Ordered, That copies of the study be made available to the Mayor and the City Council immediately upon completion of said study.

COMMERCIAL DEVELOPMENTS (DOCKET
NO. 0172)**

Councillors TURNER, YANCEY, FLAHERTY, HENNIGAN, DAVIS-MULLEN, ROACHE, HONAN and FEENEY offered the following:

Whereas, The impacts of large commercial developments extend beyond the boundaries of any particular district within which a project is located; and

Whereas, There is no set of guidelines to determine the extent of the developmental impacts; and

Whereas, The Boston Redevelopment Authority (BRA) has the responsibility as the City of Boston's planning agencies to address issues such as developmental impacts and linkage; and

Whereas, The issue of the extent of impact is critically important in determining the share of linkage monies and community benefits. Therefore be it further

Ordered, That the appropriate Boston City Council committee hold a public hearing, invite and provide representatives of the Boston Redevelopment Authority, the Mayor's Office, community organizations (citywide) and individuals with the opportunity to share their thinking on the issue of community impact; and be it further

Ordered, That said notice of this hearing be published in the *City Record*.

Referred to the Committee on Economic Development and Transportation.

**ORDER FOR HEARINGS RE: VOTER REGIS-
TRATION AND VOTER PARTICIPATION
(DOCKET NO. 0173)**

Councillors TURNER AND YANCEY offered the following:

Whereas, Voter registration and voter participation rates have fallen across the city of Boston in every neighborhood over the course of the last thirty years; and

Whereas, Simplified voter registration techniques have helped to increase voter registration in many neighborhoods, but has not increased the rates of other participation; and

Whereas, Voter participation will strengthen accountability on the part of elected Officials; and therefore be it

Ordered, That the Boston City Council hold two public hearings in different parts of the city to enable and encourage residents and organizations to attend and give their perspective as to why residents don't vote, as well as, give suggestions as to what the Mayor and the City Council can do to increase voter participation: and be it further

Ordered, That representatives from the Mayor's Office, the Office of Neighborhood Services, the Election Commission, the Elderly Commission, the Commission for Persons With Disabilities, the Boston Housing Authority, Veterans' Services, as well as, the public, be invited to attend and testify. TO DETERMINE PRESENCE AND OR INDI-
CATION THAT CRIME IS RACIALLY MOTI-
VATED AND PROCESS BY WHICH PROSE-
CUTION IS SOUGHT (DOCKET NO. 0174)**

Councillors TURNER and YANCEY offered the following:

Whereas, The City of Boston needs to aggressively deal with crimes of racial intolerance and racial hatred in order to maintain freedom, justice and equality for all of the citizens and visitors in Boston; and

Whereas, Recent media reports have indicated that there has been an increase in the reporting of hate crimes in the City of Boston, while simultaneously a decrease in the prosecution of such crimes; therefore be it

Ordered, That Boston City Council hold a public hearing to in order to focus on among other things the work of the Community Disorders Unit and the process, criteria and factors used to determine the presence and or indication that a crime is racially motivated and process by which prosecution is sought; and be it further

ORDER FOR HEARING TO DISCUSS FEASIBILITY OF BASING PROPERTY TAXATION SYSTEM ON RENTS EARNED BY OWNER RATHER THAN VALUATION OF PROPERTY (DOCKET NO. 0176)

Councillors SCAPICCHIO, HONAN, FEENEY, FLAHERTY, HENNIGAN, ROACHE, KELLY, MURPHY and TURNER offered the following:

Whereas, Valuations of rental housing units in the City of Boston have increased substantially faster than the rate of inflation and the consumer price index; and

Whereas, The sharply increased valuation of rental housing units in the City of Boston has forced many low- and middle-income residents out of the City; and

Whereas, The City of Boston currently assesses property for taxation based upon similar sales in the same neighborhood, thus increasing property taxes in general; and

Whereas, Small owners of rental housing units often charge below market value while they are taxed at rates based on the market value of housing; and

Whereas, Owners of rental housing units in the City of Boston have a disincentive for keeping rents affordable; and

Whereas, MGL Chapter 62 §6 provides a Circuit Breaker targeted to protect low-income seniors who occupy their home as their principal residence; therefore be it

Ordered, That the Boston City Council's Committee on Housing conduct a hearing to discuss the feasibility of basing the property taxation system on rents earned by the owner rather than valuation of the property; and further be it

Ordered, That the City Council examines the effectiveness of the Circuit Breaker legislation and whether it should be modified.

(DOCKET NO. 0177)

Councillors SCAPICCHIO, HONAN, CONLEY, DAVIS-MULLEN, FLAHERTY, HENNIGAN, ROACHE TURNER and FEENEY offered the following:

Whereas, The creation of affordable housing is a priority in the City of Boston; and

Whereas, Communities such as Worcester have established a system to waive the cost of any permit or approval fee for applicants who seek to establish affordable housing units in that city; and

Whereas, The City of Worcester will waive the fees if the applicant produces certification that the proposed units qualify as affordable housing under city, state, and/or federal guidelines; and

Whereas, All permits issued shall be conditional upon the applicant maintaining such fee-waived housing units as qualified affordable housing units under said guidelines; and

Whereas, In the event that the applicant proposes to construct both affordable and market rate units in the same building, the normal fee shall be reduced only by the portion of affordable units relative to the aggregate number of housing units in the building; therefore be it

Ordered, That the Boston City Council conduct a hearing to determine the feasibility of such a fee waiver system, as well as to establish a set of standards relative to said system; also be it

(DOCKET NO. 0179)

Councillors TURNER, YANCEY and DAVIS-MULLEN offered the following:

Whereas, Reverend Dr. Martin Luther King, Jr. was born in Atlanta on January 15, 1929, and this year is the 71st anniversary of his birth; and

Whereas, Dr. King received a doctorate in systematic theology from Boston University in 1955; and

Whereas, Dr. King and his staff organized mass demonstrations in Birmingham, Alabama, in 1963 that eventually led to passage of the Civil Rights Act of 1964; and

Whereas, Dr. King was the recipient of the Nobel Peace Prize in December 1964; and

Whereas, Dr. King's life was tragically cut short by an assassin's bullet in April of 1968 in Memphis, Tennessee, while he was there to champion the cause of underprivileged workers; and

Whereas, Organizations in Boston have been honoring Dr. King on his birthday since his assassination; and

Whereas, The City of Boston has held a special celebration of Dr. King's life and work on his birthday since 1984; and

Whereas, Dr. King's family has consistently maintained that they believe he was assassinated by a group of conspirators; and

Whereas, A jury of six whites and six blacks convened in 1999 to hear testimony in the civil trial initiated by the King family supported the family's belief in a conspiracy. Be it therefore

Resolved, That the Boston City Council petition President George W. Bush to convene a grand jury with powers of prosecution to investigate the facts regarding his assassination in order to ensure that those involved in his death are brought to the bar of justice.

Whereas, Voters across the Commonwealth of Massachusetts voted 52 percent to 48 percent against any changes in the laws relating to drug crimes; and

Senior volunteers from across Boston gathered together on Monday, October 22, 2001 at Florian Hall in Dorchester for City of Boston Commission on Affairs of the Elderly Retired Senior Volunteer Program 29th Volunteer Recognition Luncheon.

The City of Boston wanted to celebrate the hard work and dedication of Boston's RSVP volunteers. Over 300 volunteers attended the event this year; among them were Mayor Menino, City Councilors, and various honorable dignitaries.

Special awards and accolades went to John Slayter and his staff at the Boston Parks and Recreation Horticulture Dept. (A.K.A. the Green House) for providing beau-

tiful flowers to the RSVP volunteers and Boston citizens for many years.

Special awards went to Lucille Salvucci (daughter of longtime RSVP volunteer Jessie Salvucci from Brighton) and Merck & Co., Inc. for their generous financial contribution to the Friends of RSVP.

An honored thank you to Ray Bourque (longtime member of the Boston Bruins hockey team) for his contribution of signing several shirts for this event's door prize.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to continue to impart values important to

their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.
- To increase knowledge and provide tools for both parents and teens/pre-teens on how they can improve their relationship and communication.
- To address the unique issues immigrant families face that present barriers to effective communication between parents/guardians and their teens/pre-teens.

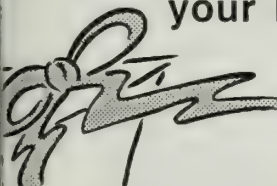

We are seeking organizations that have educational material in any medium relevant to this campaign and would like to provide them free of cost or at a reduced rate to organizations serving parents and/or teens in Boston. We will begin distributing such material at the "kick-off" event to the campaign at the end of January. If you have any such material to distribute, please inform Jerry Mogul at the Mayor's Office of Community Partnerships, 43 Hawkins St., #3B, Boston, MA 02114, 617-635-3140, or jerry.mogul@ci.boston.ma.us before January 1, 2002.

**DEPARTMENT OF NEIGHBORHOOD
DEVELOPMENT, PUBLIC FACILITIES
DEPARTMENT
AND
THE BOSTON HOUSING AUTHORITY**

Request For Proposals

**City of Boston "Leading the Way", HOME,
CDBG and Section 8 Project-Based
Assistance Program**

The City of Boston Public Facilities Department, Department of Neighborhood Development, (DND) is authorized through the United States Department of Housing and Urban Development (HUD) to distribute HOME Investment Partnership Funds (HOME) and Community Development Block Grant funds (CDBG) to promote housing and community development activities for low and moderate-income persons. "Leading the Way" funds have been appropriated through the City's operating budget. In this RFP, DND offers loans to assist the development of rental and cooperative housing projects. The Boston Housing Authority (BHA) is authorized through HUD to implement and administer a Section 8 Project-Based Assistance (PBA) Program.

This funding is available for rental and cooperative projects only. Projects applying for funds from the City must also apply for development loans and/or Low Income Housing Tax Credit (LIHTC) funding from the Commonwealth of Massachusetts Department of Housing and Community Development in its upcoming funding round. Funding awards made under this RFP will be contingent upon receipt of State funding.

The City's principal goal is to support projects that will expand the supply of affordable rental and cooperative housing. Toward this end, at least 75% of the development funds made available through this RFP will targeted toward production: new construction and the rehabilitation or adaptive use of vacant buildings. Another key objective is to increase the number of housing units available to Boston's homeless population.

Both for-profit and non-profit developers of affordable housing are eligible to apply. Some restrictions apply. A fuller description of funding restrictions, priorities and selection criteria are described in the RFP package.

DND funding under this RFP may not exceed \$40,000.00 per affordable unit. In addition, the maximum award for Production projects is \$1,000,000.00 and for Preservation projects is \$500,000.00. Applicants MUST clearly demonstrate a need for City funding. DND may award less than the amount requested.

Within this funding round, the BHA will make available 400 units of Section 8 project based vouchers for very low-to-moderate-income households. Only applications submitted in response to the advertisement will be considered.

There will be a bidder's conference on Wednesday, December 12, 2001 from 10:00 A.M. to 11:00 A.M., Winter Chambers, 26 Court Street, 1st Floor. It is strongly suggested that all prospective applicants attend this session. Prospective applicants seeking funding for occupied properties are also strongly encouraged to attend a Relocation Workshop, which will immediately follow this bidders conference at 11:00 A.M.

A Letter of Intent should be submitted by December 12, 2001. It must indicate the name, address of the proposed project, number of units in the project, name of applicant, approximate

amount, type of funding and the number of Section 8 project-based vouchers you intend to apply for. Applicants should also specify whether their property is production or preservation. Please mail, fax or deliver to the attention of James Yates, DND, 8th Floor, 26 Court Street, Boston, MA, 02108, fax (617) 635-0383.

The proposal package will be available on Monday, November 26, 2001 at DND, Bid Counter, 26 Court Street, 10th Floor, Boston, MA 02108. Applications must be submitted as instructed in the RFP package by Thursday, January 3, 2002 no later than 4:00 PM. Applicants who are applying for Section 8 PBA assistance, must submit a fifth copy of the application with all relevant Section 8 specific material by Friday, January 11, 2002 no later than 4:00 PM. This application copy may also be submitted on January 3, 2001.

Applications must be directly submitted to:

Bid Counter, 10th Floor
Department of Neighborhood Development
26 Court Street, 10th Floor
Boston, MA 02108

LATE PROPOSALS WILL NOT BE ACCEPTED

Any questions regarding this RFP must be submitted in writing to: James Yates, Project Manager by Fax at (617) 635-0383, by mail at DND, 26 Court Street, 8th Floor, Boston, MA 02108 or by e-mail, jyates.dnd@ci.boston.ma.us

The proposal package is all inclusive of forms to be utilized and submitted for this proposal process. Proposals submitted on forms other than those specified will be rejected without further consideration.

The City of Boston reserves the right to reject any and all proposals. The contract is subject to the approval of the Public Facilities Commission and will be awarded by the Public Facilities Department within 90 days of proposal due date. The awarding of Section 8 PBA vouchers is subject to Boston Housing Authority approval. The City shall not enter into such contract unless funds are available.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to continue to impart values important to their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.
- To increase knowledge and provide tools for both parents and teens/pre-teens on how they can improve their relationship and communication.
- To address the unique issues immigrant families face that present barriers to effective communication between parents/guardians and their teens/pre-teens.

We are seeking organizations that

It is the policy of the City of Boston to encourage, assist and provide substantial opportunity for minority-owned and women-owned businesses to participate in the receipt of City Contracts.

Standards as to all Contracts: An annual goal of fifteen percent (15%) of the total contract dollar value of all City Contracts shall be awarded to certified MBE's. An annual goal of five percent (5%) of the total contract dollar value of all City Contracts shall be awarded to certified WBE's.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to continue to impart values important to

their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.
- To increase knowledge and provide tools for both parents and teens/pre-teens on how they can improve their relationship and communication.
- To address the unique issues immigrant families face that present barriers to effective communication between parents/guardians and their teens/pre-teens.

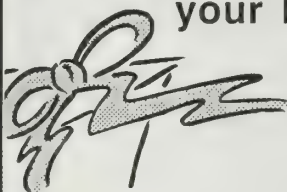

We are seeking organizations that have educational material in any medium relevant to this campaign and would like to provide them free of cost or at a reduced rate to organizations serving parents and/or teens in Boston. We will begin distributing such material at the "kick-off" event to the campaign at the end of January. If you have any such material to distribute please inform Jerry Mogul at the Mayor's Office of Community Partnerships, 43 Hawkins St., #3B, Boston, MA 02114, 617-635-3140, or jerry.mogul@ci.boston.ma.us before January 1, 2002.

A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash, and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables and whole-grain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt- or nitrite-cured foods such as ham, and fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces
cancer alone.

AFFAIRS OF THE ELDERLY

C. 3219

June 28, 2001

Dear Mr. Mayor:

On November 30, 1999, your Honor approved an award of a contract, without public advertising for bids, to ABCD Project Healthy Plus and Exercise at 178 Tremont Street, Boston, Ma. 02111 for senior services to the elderly of Boston under both, title III B and title III F grants during the period October 1, 1999 to September 30, 2001 at a cost not to exceed \$37,000. This contract is exempt from the provisions of M.G.L. Chapter 30B, as it represents a grant agreement with a non-profit organization. The contract is awarded under the authority of the provisions of the City Charter.

Your approval is requested to amend this contract to provide for additional services under titles III B and title III F due to increased need and four grant amendments already approved by your Honor. The cost of this amendment shall not exceed \$8,000, which has been determined to be reasonable by the Elderly Commission and has previously been agreed upon by your Honor. The contract, as amended, shall not exceed \$45,000. All other terms and conditions shall remain the same.

Sincerely,

Patricia DeMarco,
Chief of Staff.

C. 3232

June 29, 2001

Dear Mr. Mayor:

On November 30, 1999, your Honor approved an award of a contract, without public advertising for bids, to United South End Settlements at 566 Columbus Avenue, Boston, Ma. 02118 to provide services to the elderly of Boston under a title III B grant during the period October 1, 1999 to September 30, 2001 at a cost not to exceed \$12,000. This contract is exempt from the provisions of M.G.L. Chapter 30B, as it represents a grant agreement with a non-profit organization. The contract is awarded under the authority of the provisions of the City Charter.

Your approval is requested to amend this contract to provide for additional services under title III B due to increased need and two grant amendments already approved by your Honor. The cost of this amendment shall not exceed \$4,000, which has been determined to be reasonable by the Elderly Commission and has previously been agreed upon by your Honor. The contract,

as amended, shall not exceed \$16,000. All other terms and conditions shall remain the same.

Sincerely,

Patricia DeMarco,
Chief of Staff.

LAW DEPARTMENT

C. 7585-01

July 17, 2001

Dear Mr. Mayor:

On July 16, 2001, your Honor approved an award of a contract without advertising to the law firm of Ropes and Gray, located at One International Place, Boston, MA 02108 for providing legal services as special outside counsel in the case entitled *South Boston Betterment Trust v. Boston Redevelopment Authority* during the period March 9, 2001 to June 30, 2001 at a cost not to exceed \$75,000. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Your approval is now requested to amend this contract because the original contracted amount did not anticipate the complexity and protracted nature of these matters and was insufficient to meet the cost of services that are being rendered. The cost of this amendment shall not exceed \$225,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$300,000. All other terms and conditions shall remain the same.

Because of the professional nature of the services to be performed and the reasonable cost thereof, I believe that public advertising would serve no useful purpose.

Sincerely,

Mark Sweeney,
for Merita Hopkins,
Corporation Counsel.

This 15th-century Venetian palace, created at the turn of the century by Isabella Stewart Gardner, houses more than 2,500 art objects, among them works by Rembrandt, Botticelli, Raphael, Titian, and Matisse. The Museum was the creation of Isabella Stewart Gardner (1840–1924) “for the education and enjoyment of the public forever.” Since opening to the public in 1903, the Gardner has served as a center for ideas and life-long learning in its community — a tradition that is kept alive today through an array of interpretive, creative, educational, horticultural, artistic and scholarly programs.

**ARTIST-IN-RESIDENCE
Stefon Harris
January 2–26, 2002**

Each year, as part of its artist-in-residence program, the Museum invites artists, from a range of disciplines, to live and work at the Museum for a one-month period. The program is designed to foster contemporary artistic expressions based on the Museum's historic collection. Often the artists

interact with children in school partnership programs and with visitors through lectures, public performances or exhibitions. Past AIR participants include painters, photographers, choreographers, composers, authors and horticulturalists.

Jazz vibraphonist and composer Stefon Harris has only just begun to make his mark. Although a relative newcomer to jazz, he has quickly accumulated accolades, receiving the Martin E. Segal Award from Jazz at Lincoln Center, and was recently named Best New Talent by Jazzy Magazine. Of Harris, Vibe Magazine writes, he is a “post-bop master, one with a strong sense of tradition, definitive sound, and clear, modern vision.”

Originally trained as a classical percussionist, Harris is a music virtuoso, having learned to play every instrument in the band by the time he graduated from high school. He went on to receive his Master's degree in jazz performance from the Manhattan School of Music and since then, has put out two albums, *A Cloud of Red Dust* and *Black Action Figure*, both of which have received wide critical acclaim. His debut album was named best jazz CD in 1998 by Newsweek magazine. He has recorded and performed with Wynton Marsalis as a member of the Lincoln Center Jazz Orchestra, as well as with noted jazz musicians Charlie Hunter and Cassandra Wilson.

**HOLIDAY EVENT
“Isabella Stewart Gardner's
Holiday Table”
November 20, 2001–January 6, 2002**

The Isabella Stewart Gardner Museum transports us to the Gilded Age with an evocation of an elegant holiday dinner party hosted by Isabella Stewart Gardner on December 23, 1904. The presentation centers on Gardner's table service, adorned with Victorian china, silver and stemware. The table is set for eight guests, all “waifs and strays,” as Gardner wrote, “friends who did not have family nearby.” *Isabella Stewart Gardner's Holiday Table* is on display in the Dutch Room at the Gardner Museum November 20 through January 6. Each

year, the Gardner Museum decorates its signature courtyard in Poinsettia, Azaleas, Cyclamen, Winter Berries and Heather Trees. The courtyard will be dressed for the holidays beginning December 4.

**SPECIAL EXHIBITION

January 3–May 12, 2001**

Tura's art has an intense expressive power, and his style set the tone for the artistic culture in his native Ferrara. The exhibition will showcase Tura's paintings, as well as metalwork, tapestry, and manuscript illumination based on his designs. Several lectures, a concert of Renaissance Ferrarese music, and a public symposium (March 2, 2001) are also planned. Stephen Campbell, Assistant Professor, University of Pennsylvania and Alan Chong, Norman Jean Calderwood Curator of the Collection at the Gardner Museum are co-curators of the exhibition.

OFFICE OF COMMUNITY PARTNERSHIPS

During 2002, the Mayor's Office of Community Partnerships and over 30 organizations in the city will conduct a special public education campaign to improve communication between parents/guardians and their older children and teenagers. The campaign will consist of media messages, literature and educational programs.

We are conducting this campaign because good communication, mutual respect and a strong bond between teens and their parents/guardians will support them as they grow into adulthood, help protect them against risky behaviors, and enable parents to con-

tinue to impart values important to their family and culture. The goals of the campaign include:

- To raise awareness about the importance of parents staying involved and communicating better with their teens/pre-teens.
- To increase knowledge about the stages of adolescent development and family development that affect communication between parents and teens/pre-teens.
- To increase knowledge and provide tools for both parents and teens/pre-teens on how they can improve their relationship and communication.
- To address the unique issues immigrant families face that present barriers to effective communication between parents/guardians and their teens/pre-teens.

We are seeking organizations that have educational material in any medium relevant to this campaign and would like to provide them free of cost or at a reduced rate to organizations serving parents and/or teens in Boston. We will begin distributing such material at the "kick-off" event to the campaign at the end of January. If you have any such material to distribute, please inform Jerry Mogul at the Mayor's Office of Community Partnerships, 43 Hawkins St., #3B, Boston, MA 02114, 617-635-3140, or jerry.mogul@ci.boston.ma.us before January 1, 2002.
